COMPANY OVERVIEW

CyliSphere LLC is a women-owned IT solutions and talent provider based in Austin, Texas, serving small and mid-sized businesses and public-sector organizations nationwide. As an official Microsoft Cloud Solution Provider (CSP) and Pax8 Partner, CyliSphere helps organizations buy Microsoft 365 licenses at the right price, prepare for Copilot adoption safely, and staff critical IT roles with vetted professionals — with founder-led service and quotes returned within four business hours.

CORE COMPETENCIES

Microsoft 365 Licensing & Optimization

Genuine Microsoft 365 licenses — Business Basic, Standard, Premium, and Copilot add-ons — through the CSP program. Usage analysis and right-sizing to eliminate unused seats, with provisioning typically within one business day.

Copilot Readiness & Adoption

Fixed-scope assessment of data, security, and workflows before Copilot investment, covering permissions, governance, and rollout planning so licenses deliver measurable value.

Email, Teams & Security Setup

Exchange Online migration with no downtime, Teams and SharePoint configuration, and security hardening with Microsoft Defender for Business and Entra ID (MFA and SSO) from day one.

IT Talent Fulfillment

Vetted IT professionals deployed directly to client teams — across Microsoft 365, DevOps/CI-CD, cloud, infrastructure, software engineering, and more — backed by dedicated onboarding and operational support.

DIFFERENTIATORS

- **Founder-led, no handoffs:** You work directly with the owner — fast decisions and accountable delivery.
- **Official CSP + Pax8 channel:** Genuine Microsoft licensing at CSP pricing, backed by Pax8 provisioning and support escalation.
- **Speed:** License quotes within four business hours; most provisioning within one business day.
- **Public-sector ready:** SAM.gov registered, E-Verify enrolled, registered vendor with the City of Austin, Texas.
- **Honest scoping:** We sell what we can deliver today — no overpromising.
